

Designed for life

Caesarstone is designed for life – stunning designs guaranteed to last a lifetime. With a variety of colours, styles and textures, combined with outstanding durability, Caesarstone opens a world of design for your home. Resistant to stains, scratches and cracks, Caesarstone is also impervious to heat, cold and to common household chemicals. Our surfaces retain the cool, tactile qualities of natural stone while offering almost unlimited design application possibilities.

The Dark Collection

4735
Oxidian

Caesarstone's new Dark Series embraces a contemporary trend in kitchens and bathrooms that has set a bold tone. As an antidote to light and sometimes austere colour palettes, this softer mood is much more striking and unexpected. Today, black has been reconsidered as a modern classic, used as a stark accent or a powerful overall look. Furniture, tabletops, flowers and food are just some of the lifestyle elements that have turned to black. Dark slate and stone, along with oxidised metal and black lacquered wood, are among the remarkable materials being combined in dramatic interiors and hospitality spaces.

From the classic luxury of Empira Black™ to the matt infinity of Piatto Black™ via the evocative patinas of rusted Oxidian™ and weathered Black Tempal™, the Dark Collection presents an intriguing range of captivating hues that bring warmth to the home and an emotional caress to the stone. Black Tempal, Oxidian and Piatto Black are enhanced by a new Natural Finish, which has a subtle texture that can be seen as well as felt, bringing much warmth to its range – and adding extra depth to its textural darks.

There is a warm intimacy that comes with the dark; a sense of quiet and calm that cossets and cocoons, that creates an atmosphere that encourages us to gather and eat and drink. A different mood descends. Taste, touch, scent and sound, all elevated.

In the dark, our senses come alive.

Natural Finish

The delicately textured Natural Finish conjures up the emotional caress of stone; adding warmth to the grain so it's pleasing to the touch. A satin sheen that gently reflects light – captivating the viewer and enhancing the depth of a colour, especially in these darker shades. The new Natural Finish combines an appealing texture enjoyed with each touch, along with the practicality of minimal care and maintenance synonymous with all Caesarstone products.

Polished Finish

This high gloss polish evokes luxury and modernity, bringing out the best in the colour by emphasising its features in high definition. Reflecting the shine of the times, it attracts light and illuminates kitchens, bathrooms and laundry rooms, naturally making them look larger. This durable surface is smooth to the touch and requires minimal care and maintenance, lasting for the long-term. Effortlessly elegant, our Polished Finish feels both timeless and contemporary, adding sustained value to any residential, hospitality or commercial interior.

Supernatural & Ultratural Collections

The Supernatural & Ultratural Collections mark an aesthetic milestone for contemporary surfaces, combining the spirit of nature with the high performance of Caesarstone quartz.

The collection mirrors the complexity, emotion and uniqueness of natural stone while delivering superior quality and durability. Taking inspiration from diverse geographies, cultures, architecture and interior trends, Caesarstone's design team capture the timelessness of marble, granite and travertine and interpret them for modern luxury lifestyles.

Jumbo sizes

The kitchen is the heart of the home and in modern designs, the island unit often sits as the centerpiece.

It is the place at which we gather to cook, eat and entertain and this desire for island life has seen them grow larger in recent years. To meet the demand for seamless kitchen island designs and to provide a most cost effective approach to projects, Caesarstone has expanded its range of Jumbo slabs to include 10 unique Metropolitan and Supernatural colours.

Some variation in colour and pattern can occur. We always recommend viewing a full slab or product installation as part of your colour selection process.

Virtually maintenance free, Caesarstone's hard, non-porous surfaces are simple to clean and require no sealing to renew their lustre. In most cases, soap and water or a mild detergent is enough to keep your Caesarstone surfaces looking like new. If necessary, you can use a non-abrasive soft soap along with a non-scratch or delicate scrub pad. Afterwards, thoroughly rinse with clean water to remove residue. Please note that Caesarstone finishes other than polished may require increased daily maintenance due to their distinctive appearance.

For added peace of mind, Caesarstone products come with a 3-Year limited Residential Warranty.

Quality and service

Caesarstone has received worldwide recognition for its commitment to quality, safety and environmental standards. Each one of our surfaces is carefully inspected to ensure that it meets the highest level of international quality standards. Our surfaces come with a warranty on domestic installations and are backed by professional customer service and support.
